

## **THE PATHWAYS OF HISTORY – LINKS TO EACH OTHER AND TO THE PAST**

Small museums continually search for innovative ideas to promote history in their communities and to encourage visitors to their museums and historical places. One such idea was conceived by four local groups to highlight these unique and noteworthy museums and historical properties in northeastern Morris County. Housed in venerable buildings of local significance, each museum is unique and has a fascinating story to share.

The Historical Organization of Boonton, Boonton Township, Kinnelon and Pompton Plains are opening their museum doors in a grand coordinated weekend event.

Saturday, October 22 from 10:00 a.m. – 4:00 p.m.

Sunday, October 23 from 12:00 p.m. – 4:00 p.m.
