

My Muse  
A Song By Pete S

Verse 1:

Tonight I feel so alone  
Sitting here waiting by the phone  
You've made my dreams worth dreaming  
Can we rewind? Can we fast forward time (fast forward time)

Pre-chorus:

If I could make you happy by writing you this song  
I'd paint the notes in the sky so you could sing along

Chorus:

Because  
Lately I've been running on empty  
And lately I feel there is no one to save me  
Babe please tell me we'll pull though  
Because in the end you'll always be my muse  
You'll always be my muse (x3)

Verse 2:

You have my heart (you have my heart)  
Babe this is our movie, let's act, let's play our parts  
Your everything, I want (Your everything, I want)

Pre-chorus:

If I could make you happy by writing you this song  
I'd paint the notes in the sky so you could sing along

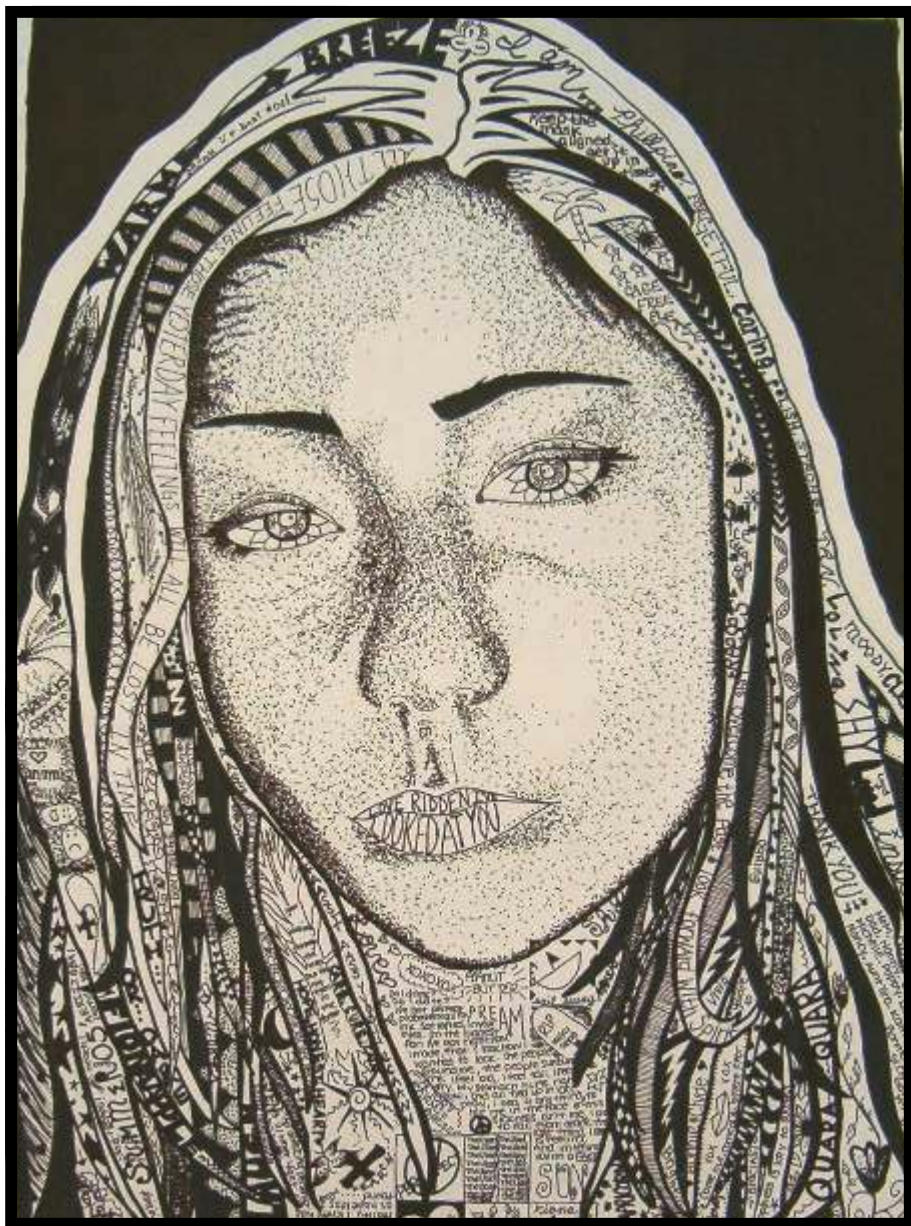

Chorus:

Because  
Lately I've been running on empty  
And lately I feel there is no one to save me  
Babe please tell me we'll pull though  
Because in the end you'll always be my muse  
You'll always be my muse (x3)

(Piano Solo)

Pre-chorus:

If I could make you happy by writing you this song  
I'd paint the notes in the sky so you could sing along..
