**"Art is special
and beautiful
because it comes
from a deep place,
a place that
not everyone can see.**

**There are those
deep places in everyone's soul.**

Here is where mine speaks."

Dommin

Feedback is the annual fine arts and literature magazine of Kinnelon High School. Our mission is to showcase our students' creative achievements in both the visual arts and language arts. We encourage our students to explore their creative vision and help others embrace the gifts of the arts.

Our sincerest thanks go out to all the students and teachers who submitted work to this year's edition and helped make this another triumphant year for Feedback.

All work is selected by our editor and staff. Students resume full responsibility for any plagiarism contained within their work. The views and ideas expressed are not necessarily those of the editor, staff, and advisor.

Copy has been prepared by using PC based peripherals, Photoshop 7.0 and Publisher 2000 software and the unifying font style is Agency.

Feedback is made possible by the financial support of the Kinnelon Home and School Association.
