Students can take the SAT at other locations on different dates which can be at www.collegeboard.com. The link to search other schools to take the test is at: <http://sat.collegeboard.org/register/sat-code-search>

The test dates and deadlines can be found on the back page of the registration booklet. The SAT is not offered in Kinnelon in January, but it is in March, May and June. Again, students can take the test in other locations for the January test if they would like to take it in January.

You can also find practice tests on the website at www.collegeboard.com

Please send the registration directly to the College Board.

Academic lecture information will be coming in late December/early January. I will let you know as soon as I receive the information.
