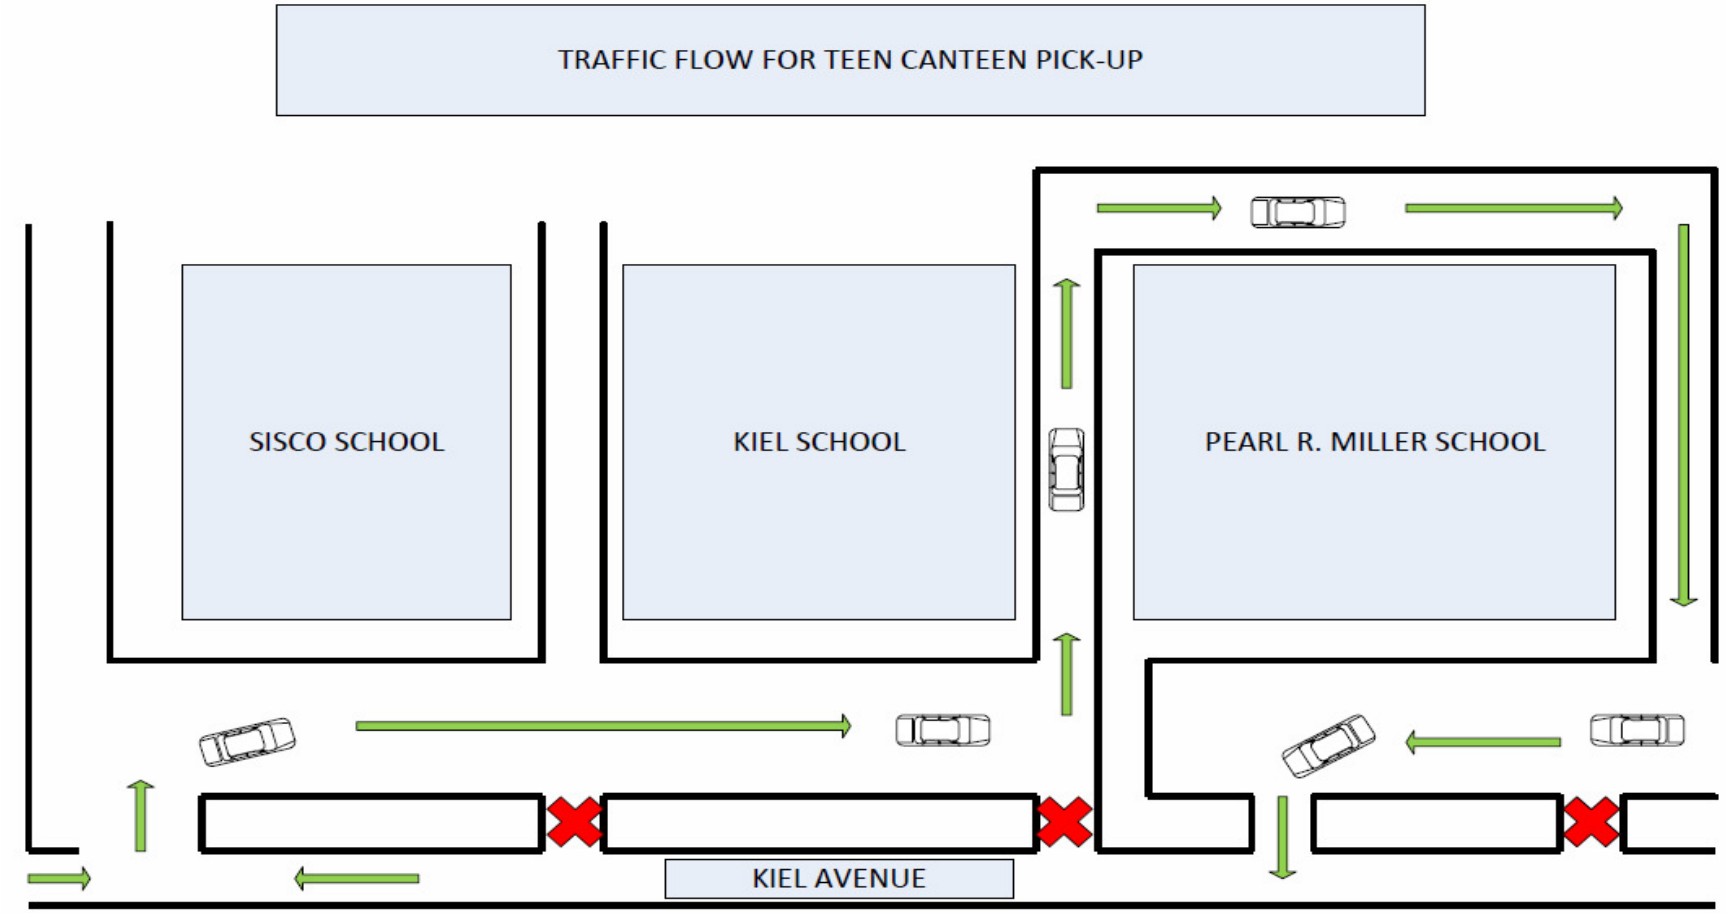
TEEN CANTEEN
October 28, 2011


Please review the diagram below. The traffic flow for a Teen Canteen is modified to minimize congestion on Kiel Avenue. The entrance to school grounds, for this event, is at Sisco School. Traffic will proceed toward PRM and turn in the direction of the ramp leading to the athletic fields. Pick-up and drop-off areas have been established in the front of PRM. Due to safety concerns no student will be permitted to walk away from PRM without a parental escort.
