at The College of New Jersey

NEW JERSEY HIGHER EDUCATION DISABILITY SUPPORT DIRECTORY

Introduction

The New Jersey Commission on Higher Education's *Special Needs Grant Program for Students with Disabilities* is pleased to publish this directory of disability support offices at colleges and universities in New Jersey. We have included contact information for **every institution of higher education** – public and private, two year and four year – in an effort to assist administrators, staff, students, and parents in their search for appropriate accommodations for college students with disabilities.

The Directory is arranged alphabetically, starting with Atlantic Community College and ending with William Paterson University. Listed for each school are telephone numbers, street addresses, web addresses and/or email addresses for:

- **General College Information**
- **Admission's Office**
- **Disability Support Office(s)**, i.e., the office that arranges accommodations for students who provide documentation of a disability

The *Special Needs Grant Program* funds eight Regional Centers – see the list on the facing page – who are equipped to answer questions in their geographic region on the following topics:

- Appropriate accommodations
- Developing policies and procedures
- Hiring sign language interpreters & C-Print captionists
- Documentation requirements
- Disability-specific questions

The Regional Centers also provide comprehensive services to students on their own campuses and specialized services, such as learning disability diagnostic evaluations, training for C-Print captionists, and an adaptive technology lending program, for the entire state.

The information in this directory was current as of December 2008. Please let us know if the contact information changes. Updates can be emailed to adaptivetech@tcnj.edu or completed using the online update form at <http://adaptivetech.tcnj.edu/directory.html>. An electronic version of this directory is available for download at the above address.
