

**May 2, 2008**

**Dear Teachers, Students, and Families,**

**I was deeply touched by the overwhelming response I received on Principal's Day! My office is filled with the poems, cards, and posters that all of you created.**

**It is not often that over 500 students and staff come to school wearing **pink!** I know that the children probably needed to spend extra time finding just the right things to wear! Thank you families!!! The gesture was so very thoughtful. The meaning behind those gestures will last a lifetime. It showed me that my Stonybrook Family knows that I care deeply...**

**Stonybrook is a beautiful school; but it is all of us, together, that makes it so special.**

**With Much Gratitude,**

**Mrs. Mulholland**
