

Drop-Off/Pick-up Traffic Pattern & Location

Morning Drop-Off Procedures (Please see diagram below)

Parents dropping off students will pull ahead, entering the drop-off loop and let children off just past the rear door located on the playground side of the building. Please pull up to the edge of the building, this way up to three cars may unload at one time. Children should exit the car from the passenger side, so they do not need to walk between cars. This procedure will ensure the safety of our children.

***Please do not drop your children off prior to 9:05 as there will be no supervision until that time.
Remember that we have an Early Morning Care program which provides supervision from 7:55-9:10. Please contact Mrs. Kenney or Mrs. Kelly in the Main Office for details.*

Afternoon Pick-up Procedure

Parents who are picking up their children at dismissal (3:30 p.m.), should report to the **rear doors**, located behind the building by the cafeteria.

Because of the large amount of traffic at dismissal, we encourage you to put your child on the bus. It is important that our school buses are given the right-of-way, as they are transporting the most amount of children.

Thank you for your cooperation!
