

Dear Families,

Birthdays are such special occasions in the lives of Kindergarten children. We certainly want to take the time to celebrate this happy day with your child here in Kindergarten.

Your child is invited to donate a special book for the classroom in honor of his/her birthday. This book can be a favorite one, either purchased or gently used.

We ask that edible birthday treats not be sent in, as there are children with allergies, and we want to make sure that each and every child is safe and healthy!

In addition, we ask that no goody bags be brought in. Please save these for your child's at-home party.

A class list of the children will be sent to once school starts. If you are planning a party, we will be happy to help your child distribute birthday invitations. Please send in invitations for either all of the children OR just for the boys or just for the girls. We don't want any hurt feelings.

Thank you for your understanding and cooperation! All of us look forward to these wonderful celebrations throughout the year!
