

Welcome to Kindergarten!

This is such an exciting time for you and your child! To help support your child's confidence and success, we recommend that over the Summer you work with your child to develop the following skills:

- ♦ **Personal Hygiene** (nose blowing, washing hands, wiping and flushing, covering coughs)
- ♦ **Interacting with other children** (sharing, helping, being friendly, respecting the rights of others)
- ♦ Follow two and three step directions
- ♦ Managing his/her own clothing

Questions or Concerns?

If you have any questions or concerns, please contact our school.

See you in September!
