Mission of CEP:

Kinnelon's Community and Education Partnership (CEP) is an active, positive liaison group between the community and the school district. Our hope is for the community to continue to bond together so we have a stronger, collective voice. CEP is made up of Kinnelon community members striving to foster accurate and effective communication between the citizens, the school community and the Kinnelon Board of Education. This group is here to support thoughts, interests and needs across all of the schools in all grades K - 12. It is our whole school system that must be strong.

We will continue to keep you posted on the BOE meetings and minutes, hear your concerns and keep you abreast of the current events concerning the district and the community.

Feel free to reach out to us if you have any questions or suggestions. If you know of anyone who would want to be added to, or removed from this distribution list, please send us his or her email address.
